

Kris Leombruni, 2022

For the bottle list, Victorian and Australian wines are always listed at the top of each section, followed by the rest of the New World wine countries and then the Old World wine countries.

Our Riesling section is listed with the dryness/sweetness levels after each wine.

Where we can, we support wines that come from organic or biodynamic farming.

We love seeing delicious wine being drunk with joy, shared with friends or savoured solo!

Cheers to you x
